

Neurologist

Saint John, New Brunswick

The Department of Medicine at Atlantic Health Sciences Corporation (AHSC) invites applications for a Neurologist to join the Neurology team in Saint John. The division of neurology is an integral part of the Department of Internal Medicine. Together, they host a Saint John based internal medicine residency, and anticipate a strong role in an emerging medical school. AHSC is the largest multi-facility regional health authority in New Brunswick and serves a population of 176,000 in the southwestern part of the province. The Saint John Regional Hospital, has 23 areas of specialty medicine and surgery, including neurosurgery, and is supported by a vast array of research, education, health promotion activities and community partnerships.

This is an excellent position for an individual with an interest in a varied clinical practice with opportunities for clinical trial research and self generated projects supported by an active research department. University affiliation and teaching responsibilities at both the undergraduate and graduate level exist.

Saint John is situated in the picturesque Bay of Fundy and is located on one of the finest inland waterways in North America. Saint John offers numerous social and cultural facilities as well as recreational opportunities including boating, yachting, winter sports, golf and fishing. Being the only official bilingual province, there is access to both English and French school systems. The Saint John campus of the University of New Brunswick is adjacent to the Saint John Regional Hospital and offers a wide variety of undergraduate and postgraduate programs.

Applicants must be eligible for licensure in the Province of New Brunswick and hold specialty certification in Neurology from the Royal College of Physicians and Surgeons of Canada or equivalent certification and experience. The successful candidate may be eligible for an academic appointment.

We offer a competitive compensation package that provides the choice between salary and fee for service.

Bilingualism is considered an asset.
